Online Tuition & Mentorship Platform

Edutech enables students to connect with experienced teachers and mentors for online or offline tuition classes. Subject-wise search functionality lets students find the right tutor based on academic requirements and learning preferences.

Live Interactive Classes Attend real-time sessions with qualified teachers from home.	Recorded Sessions Re-watch lessons anytime for revision and exam preparation.
1-to-1 Mentorship Personalised academic guidance tailored to each student.	Homework & Assignment Help Dedicated support to complete assignments and projects.
Doubt-Clearing Sessions Regular focused sessions to address student queries.	Subject-Specific Teacher Search Find the right tutor by subject, level, and learning style.

Platform Features

- Subject-specific teacher search
- Live interactive online classes
- Recorded video sessions for revision
- Personalized 1-to-1 mentorship
- Homework and assignment assistance

Student Advantages

- Flexible learning schedules
- Personalized academic guidance
- Access to qualified teachers
- Improved academic performance
- Regular doubt-clearing support

Continuous learning support beyond traditional classroom education.

School Admissions & Social Learning
